

Babysitting information

1. Key information for parents

In case of emergency parents need to provide two contact details (address, phone number).

Contacting the babysitter by phone can be reassuring for both, the parents and the babysitter – especially in the evenings and at the beginning of a new babysitter-parent relationship.

The babysitter should be informed about the approximate duration of the parent's absence.

It is beneficial for all parties if the parents stay somewhere nearby for the first babysitter job. Do not leave your children and the babysitter to their fate at their first encounter.

It is advisable to provide the babysitter as much information about the children's habit as possible.

In order to avoid unnecessary rummage, provide the babysitter with enough diapers, clothes for changing as well as baby food or ingredients to prepare food.

Show or inform the babysitter about the nearby playgrounds and walking paths where your children are allowed to play.

After their duty in the evenings, teenagers have to be escorted home. Adults as well, if requested.

2. Salary (reference price)

For teenager up to the age of 16 years the reference price is approx. CHF 20.00 to 25.00 per hour, for adults approx. CHF 35.00 per hour. If the babysitter job is in the evening/night a slight increase is not unusual (upon arrangements).

Additional services (dinner, use of TV...) are entirely at the discretion of the client.
